EDITOR ADVOCATE:

Please announce that for a limited time we will give, absolutely free, an elegant sterling silver-plated sugar shell—choice of any of our 40c. patterns—to every married lady in the United States who will write us of letter stating that it is her first request for one of our premium gifts. As Goes America, so Goes the World, Religiously.

In Japan, the people are anxious to progress; they admire America very much; they modeled their new constitution after that of the United States as much as was consistent with a monarchy; they are adopting American manners, wearing American clothes, studying our language—anything that is American is accepted with favor; and it is no small help to the missionaries that the Japanese know that the religion they teach is the religion of America. God has given no a place of leadership to the nations that are just coming out of paganism into a new civilization. The American Constitution has been copied by fourteen governments that have adopted new constitutions within the century—a result of our great moral influence in the world, and a result that could never have been secured by fleets and armies. No nation has a stronger influence to-day than the United States, and it is the duty of the Christian people to see that the influence is for good.—Benjamin L. Smith.

MURDER WILL OUT.

Ten Indicted For The Crime—There are Others.

The Franklin county grand jury on the 17th returned ten indictments as the result of its investigation of the murder of William Goebel. There may be other indictments. Five men are indicted for the murder and five are indicted as accessories before the fact. Those indicted are:

FOR MURDER.

Henry E. Youtsey, of Newport (under arrest).
James Howard, of Clay county (warrant issued).
Berry Howard, of Harlan county (warrant issued).
Harlan Whitaker, of Butler county (under arrest).
"Tallow Dick" Combs, of Lee county (under arrest).

AS ACCESSORIES.

Charles Finley, of Whitley county (fugitive from justice in Indiana).
Caleb Powers, of Knox county, (under arrest).
John L. Powers, of Knox county, (in hiding in mountains).
W. H. Culton, of Jackson county, (under arrest).

F. Wharton Golden, of Knox county (warrant issued yesterday). In the indictments against Finley and others, charged as accessories, the grand jury names W. S. Taylor as one of those with whom they conspired. John Davis and Green Golden are named in the same way. The Finley indictment—the others being similar—charges that Finley "unlawfully, willfully, feloniously and of his malice aforethought, and with intent to bring about the death" and procure the murder of William Goebel, did conspire with Caleb Powers, F. W. Golden, Green Golden, John L. Powers, John Davis, W. H. Culton, W. S. Taylor, Henry Youtsey, James Howard, Berry Howard, Harlan Whitaker, Richard Combs and others to this grand jury unknown, and did counsel, advise, encourage, aid and procure Henry Youtsey, James Howard, Berry Howard, Harlan Whitaker, Richard Combs and other persons to this grand jury unknown, unlawfully, willfully, feloniously and of their malice aforethought, to kill and murder William Goebel.

W. H. Shipman, Bardlesy, Minn., under oath, says he suffered from dyspepsia for twenty-five years. Doctors and dieting gave but little relief. Finally he used Kodol Dyspepsia Cure and now eats what he likes and as much as he wants, and he feels like a new man. It digests what you eat.

Bryan's Bright Briefs.

No Nation is strong enough to go wrong.

Conquest means not destiny, but covetousness and temptation.

Government should be made so that every citizen will be ready to die to preserve it.

No large standing army is needed. The country is safe in the hands of volunteers.

Monopolists oppose the Democracy because it was the party of the common people.

If the people do not get the trust question in their heads, they will get it in their necks.

God does not inspire one man to govern another, and inspire the other to die for independence.

So long as the farmer lets the monopolists make the laws, they will not meet at summer resorts.

If the people wish to extinguish trusts, they must take the extinguisher out of the hands of the monopolists.

Look Out Ladies Be Is After You

There is a lot to get a silk skirt or silk waist or twenty-five cents on the coupon plan has struck this community. The promoters of the scheme of course will make big money, a few ladies will wear silk costumes that cost them only twenty-five cents, but four times as many are certain to get left. Yet there are lots of people who are willing to be humbugged and will pay for the privilege.

H. Clark, Chatham, Ga., says: "I was afflicted with Itzzy Sater cured him of piles that had afflicted him for twenty years. It is also a speedy cure for skin diseases. Beware of dangerous counterfeits."

The Hackney In Harness.

To the Breeder's Gazette.—Many people claim that breeding horses is nothing but a lottery, and one never knows what a union of two fine individuals will bring forth. We wait in expectancy for the foal, hoping that it may be all that is desired, if it fails to come up to the standard we expect we do not feel very much discouraged and we simply return the mare and go on hoping for better results. This is the theory many breeders work on, and with some breeds no other theory is possible. If a man sets out to breed carriage horses he should first of all get a typical carriage-horse stallion. He should choose his mares by comparing them with his stallion, getting them as near the carriage-horse type as possible. He may then expect favorable results.

Have we any accepted type of carriage horse? And what is the type? The accepted type of carriage-horse is no other than the Hackney type. The Hackney is the carriage horse par excellence. Compare them by the hundred with any other breed, and the percentage in favor of the Hackney is simply overwhelming. The dealers in New York own to this; when describing a trotting-bred carriage-horse they will impress on you that he is a "Hackney-made one," in spite of his trotting lineage, and why should not they give the Hackney credit, seeing that it was the Hackney that educated them as to what constituted the ideal carriage-horse in action, weight and conformation? There are good, bad and indifferent Hackneys, as there are in all breeds, but any good Hackney stallion will sire an average of seventy-five per cent of typical carriage-horses from Hackney mares. What he will do on other than Hackney mares depends entirely on the judgment of the man who manages. The Hackney reproduces himself, he cannot help doing so, for he has been bred for generations by men who all had the same purpose in view, to wit, the production of a class of horse-playing, active and comfortable, and with the ability to pull a heavy vehicle at a fair rate of speed. As harness horses the mares are as good as the geldings of this breed. We can claim the same for the trotting-bred carriage-horse? The records of show ring winners does not show it. All the winners have been geldings, in other words they were "stags." The champion of the New York Show, of 1899, Red Cloud, is a stallion; where are the mares? The only answer to this is that but very few trotting-bred mares have substance enough to fill the bill. If the trotters are as good carriage-horses as the Hackneys, the mares should be as good as the geldings.

What of the Hackney mares? We have seen Dagnair and Her Majesty win in harness, Spoon, White Socks, Kitty Glen, Miss Glen, Madge Kendall and Queen of Action, Elegance, Portia and Jessica, Eccles Wonder, and those two good young mares, The Squaw and Princess Olga, by Euthorpe Performer. The odds were always against them yet they won, as did the geldings of this breed—Leader, the Scotchman, Blucher, Blazeway, Tomnoddy, Hiatus, Storm King, His Grace and many others, including the great stallion, Starlight that danced away from everything last year under fifteen hands, being beaten only by that phenomenal horse Lord Brilliant.

At the National horse show held in New York last November the Hackney horse demonstrated his superiority beyond question or doubt. Fifty per cent of the Hackneys shown in harness won prizes, whereas only five per cent of trotting-bred horses shown got inside the ribbons. Could anything be more plain?

HIS DYING WORDS

"Tell my friends to be brave and fearless and remain loyal to the great common people."
—Gov. Wm. Goebel.

AN OPPORTUNITY.

An exceptional opportunity is extended to every person desiring to take advantage of the medicinal waters at Hot Springs. A rate has been made to the delegates and visitors to the Southern Baptist Convention, which meets at Hot Springs in May, and this rate will apply to any person who wants to go. The board during the stay of visitors is cut more than one-half. For information call on J. W. Hedden of THE ADVOCATE.

IT SEEMS

If we were indicted for a crime of which we were innocent and we were out of the State no powers earthly would keep us away, but were we guilty then Washington would be entirely to convenient to the seat of trouble. It doesn't seem this way to all people. To W. S. Taylor it seems quite different.

AM TIRED.

General Collier, of the Taylor troops, is glad Governor Beckham appointed General Castleman to head his militia, because he is a man of peace and is ever ready to avert a clash. He is tired of the present state of affairs and longs for the end to come, regardless of the changes it may bring. And so it is with every man.

MARK.

Didn't you know that Automobile wagons are dangerous? What if it should run wild with the mormon while conveying that precious overboard over which you have stood so faithfully aground? You must rebuke Billy Mack for taking such risks. He must not go out Automobiling.

WHAT NEXT?

If ex Secretary of State Charles Finley can use the use of a diagram convince the Hoosiers with whom he is sojourning that the shot which ended the life of Governor Goebel was not fired from the Secretary of State's office, what next?

They say W. S. Taylor, who has been indicted as one of the conspirators in the murder of Gov. Goebel, will return and face his troubles. Mr. Taylor should and doubtless will have the benefit of every doubt.

A GOOD SHOWING.

When the Republicans can carry only two precincts in an entire State. It was so in Alabama.

DEWEY AND SCHLEY!

The Courier-Journal is in receipt of the following telegram from one of the leading newspapers of the city of New York:

"It is reported here that the Democrats will unite on Dewey for President and Schley for Vice President. How would such a ticket be received? Answer immediately for publication." Before answering this message, which seems to have been sent in good faith and was certainly twice repeated, we should like to ask our esteemed Eastern contemporary a few questions "for publication." In the first place, who made the report in question? In the second place, what authority had he for making it? The National Democratic Convention, which is to determine upon a presidential ticket, does not assemble until the Fourth of July. That is nearly three months ahead of us. Few of the States have yet held their primary conventions to name delegates to this National Convention. Those State conventions which have met have instructed for Mr. Bryan. It is next to certain that the rest will follow suit. There is little likelihood that there will be any opposition to his nomination.

These things are as surely known as any future contingency may be. In the face of them, what can a daily newspaper be thinking about when it makes such a statement or asks such a question? What must it take the Courier-Journal for that it should expect of it a serious answer to an absurdity so simple and transparent?

Yet, the circumstance is characteristic of the ignorance common to the newspapers and the people east of the Alleghenies. They never know anything until it hits them on the head. They never know anything until they bump against it. The Democratic party is not thinking of Dewey and Schley as a presidential ticket. Reports of that kind may flourish in Philadelphia, New York and Boston. But out here, in God's country, we reject them at a nickle's grace.

The tenderfoot of journalism knows almost as little about politics as the tenderfoot of society knows about etiquette.—Courier-Journal.

It was just a few days ago we saw where the citizens of a neighboring county were making a vigorous pull for another railroad, and wondered for a moment why the citizens of Mt. Sterling did not become interested in attempting to direct this very line this way. We wondered only a moment for we remembered we had no business organization with committees to attend to these very matters. There are places less favorably than Mt. Sterling, with a commercial club organization, that has added enterprise after another until they are booming cities and working thousands of men. Wake up citizens if you would have Mt. Sterling to sail in business.

DEWEY.

Admiral Dewey can't be at Paducah May 1st, but may meet with the dear people there about May 10th as he goes to Milwaukee. It is ever thus. Our cracker crew is doomed to disappointment. Folks would go miles to lay eyes on this Presidential stick.

The management of the Iron Mountain Route have arranged for special service from St. Louis and Memphis to Hot Springs for the accommodation of delegates and their friends and nothing will be left undone which will add to the comfort and pleasure of the trip. Three Nights.

The Packard Opera Company is highly recommended by the press of the South, where the company has this season carried off the spoils of a great success. Besides a splendid cast and chorus the company carries its own orchestra under the direction of Mr. Long. This feature of the company, while quite an expensive one, not often indulged in by repertoire companies, makes perfect the performance of the operas, as the members of the orchestra are all familiar with the voices of the cast and chorus and can accompany them much better than a local orchestra. See the performance to-night and to-morrow night at the Opera House.

D. T. BAXTER,

A News Paper Reporter, Suicides At Lexington.

David Thomas Baxter killed himself in his rooms at Lexington, with a pistol, after suffering from nervous prostration and tearing imaginary enemies. He was formerly a printer, but for years a reporter for many daily papers of the news of the Bluegrass region. He leaves one child, a lovely daughter. He was born in Fayette county 42 years ago, was a large, genial man and a great favorite. His first wife was Miss Folia Cockrell, daughter of Mr. George Cockrell, of Cumberland Gap, formerly of this city. Mr. Baxter's second wife died about two years ago, since when he has been very despondent.

Suicide.

William Thomas committed suicide at his home on the Winchester pike, near Sower's shop, on Sunday morning. He had been sick with grippe and the supposition is that this affected his mind that he committed the deed. His wife had come to town carrying one of her little children for medical treatment. As she returned, his neighbor, Mrs. Sower, accompanied her home.

When she went to the shed where the harness is kept, she saw her husband suspended by a rope from a part of the building. He had adjusted the rope and stepped from a box.

Mr. Thomas had a short time since moved from this city. He has been married twice. His present wife was a Miss Stull and they have two children. His brother, A. R. Thomas, lives near Ewington. He was buried on Monday on the Thomas farm beyond Howard's Mill.

Trial Continued at Stanton.

On Thursday C. T. Wilson and J. W. Taul took to Stanton, Ed ward, who has been in jail here, a suspected Clay City bank robber. H. R. Prewitt and Henry Watson were counsel for the prisoner. The case was continued until to-day. Unable to give bond in the sum of \$1,000, he went to jail.

The partnership between J. C. Trimble and S. B. Turner for trading in mules and horses has this day been dissolved. Neither party has any authority to create any debts or give any checks for Trimble & Turner. April 17, 1900. J. G. TRIMBLE.

An Ex-Bourbon Dies.

James P. Keller, formerly of Bourbon county, died last week in Kaufman, Texas, after an illness of two months. He was twice city marshal of Terrell and for the past ten years had been sheriff of Kaufman county.

Mr. B. G. Gallagher is at his home in Indianapolis, Ind., and will be absent about four weeks. During his stay he will canvass many of the Indiana towns in the interest of the "Kentucky Leaf" Tobacco Co., of which firm he is a member. Our Indiana friends will find that Mr. Gallagher has the very best tobacco made.

A Very Enjoyable Sleep On the Train.

A member of the Mt. STERLING Advocate, was in Winchester on Wednesday to attend the funeral of a friend. Being interested in educational and religious enterprises, we availed ourselves of an opportunity to visit the Winchester City Schools. We had attended Ky. University with R. M. Shipp, who is now serving his fourth year as Superintendent of the schools, hence our visit had the additional pleasure of a renewal of friendship and recalling of past scenes.

We attended opening exercises in his room. He read the Scripture lesson from Proverbs and Prof. E. C. Fox, the Principal, prayed. (Each room has its own opening exercises we presume.) We accepted an invitation to speak to the pupils in his room. He cheerfully gave us some facts while we made the observations.

The Board of Education, of which J. T. Ector is President, is composed of ten members, two from each of five wards.

The present enrollment is about 600. There are eleven teachers, and three buildings, the largest and most imposing being the one on Hickman street.

We made short calls in some of the rooms and saw samples of work in penmanship and drawing, and the pupils in one room favored us with singing. Regular instruction is given in drawing and singing in all grades.

The library has from 700 to 800 volumes and considerable interest is taken by the pupils.

An event of great importance will be the Blue Grass Graded School Tournament, which will be held here May 25, 26, and 27, under the auspices of the Blue Grass League. Many schools from Central Kentucky towns will be represented by large delegations. There will be fully fifty contests and valuable prizes and scholarships will be awarded. The contests will cover the usual course of instructions and athletic sports.

All contestants will be entertained by the citizens of Winchester. Only a few items pertaining to the schools are given, as our time was limited and we did not wish to interfere with the Superintendent's work.

In the afternoon we went to Lexington on business, took 6 o'clock dinner with the family of Mr. S. B. Cobb, the merchant, and in the evening heard a sermon by Rev. A. P. Cobb, who is holding a meeting at

Central Christian Church. About ten years ago he held a meeting in this city.

At 8:50 we started for home. Being fatigued by the labors of the day, and having in childhood formed the habit of sleeping, we, when a few miles from Lexington, gave our heads a rest for adjustment to the rest and in a few seconds we were sleeping at the rate of thirty miles per hour. The rattle of the train, the keen whistle of the engine, the call of the stations, Winchester and Mt. Sterling, only intensified the pleasure of our sleep, as we wakened not. We had not informed the conductor to call. When we awoke and asked where we were, he told us to come to the rear door, as we were at Mt. Sterling. More asleep than awake we followed his direction, and soon realized, as the express glided away that we were in the large (the second) cut in Mr. John Magowan's farm about three-fourths of a mile beyond the depot. As walking was good and the night not very dark, and as the train was going in the opposite direction, we decided to foot it home. So here we are.

Overworked Nerves

and wanting vitality make their presence known through headaches, dizziness, inability to sleep, loss of appetite and a general run-down condition of the system. These signs are sometimes accompanied by neuritis, hysteria, rheumatism or nervous prostration in some other form. To remove these troubles, cure the nerves. They need feeding, strengthening and building up, and nothing will do this so quickly and so surely as Dr. Miles' Nervine. This truly remarkable medicine is gaining hundreds of new friends every day. Here is a surgeon from Decatur, Ind., who writes:

"A chronic stomach trouble, which my physician was unable to overcome, so wore on my nervous system that I broke down with nervous prostration. I could not sleep day or night except in fatal doses, could scarcely eat any kind of food and wasted away to a mere shadow. After spending over \$50.00 in a vain search for relief, I was prevailed upon to try Dr. Miles' Nervine. Relief came immediately. I took six bottles and today am a well man. All druggists on a positive guarantee. Write for free advice and box set to Dr. Miles Medical Co., Elkhart, Ind."

Ira Julian, of Frankfort, will not be a candidate for the Democratic Congressional nomination in the Seventh district.

A. R. Bass, of Morgantown, Ind., has to get up ten or twelve times in the night and had severe backache and pains in the kidneys. Was cured by Foley's Kidney Cure. It's guaranteed.

Sold by F. C. Duerksen, druggist. If you want your chairs bottomed, call on Reuben Owens, the blind man. He has just received fifty thousand feet of extra select chair cane. He can do good work and give satisfaction.

"THE KING FILTER!"

By the use of this most fruitful avenue for the search of clean water, thousands of people are saved from the danger of drinking impure water. The King Filter gets all the dirt and impurities out of the water, leaving it as pure as the fountain head. It is the only filter that will save you from the danger of drinking impure water. It is the only filter that will save you from the danger of drinking impure water. It is the only filter that will save you from the danger of drinking impure water.

A Look
into one of these modern death-traps after it has stood unattended for weeks, and often months, would surely arouse the strongest and most vigilant of men. The water, full of filth of all kinds that accumulates on the roofs of roofs, is a most dangerous poison.

"KING"

with any other filter would convince any reasonable person, at once of its vast superiority, and show them that they could rely upon it to produce pure water. The King Filter is the only filter that will save you from the danger of drinking impure water. It is the only filter that will save you from the danger of drinking impure water. It is the only filter that will save you from the danger of drinking impure water.

**NO REMEDY EQUALS PERUNA,
SO THE WOMEN ALL SAY**

Miss Susan Wymar, teacher in the Richmond school, Chicago, Ill., writes the following letter to Dr. Hartman regarding Peruna. She says: "Only those who have suffered as I have, can know what a blessing it is to be able to find relief in Peruna. This has been my experience. A friend in need is a friend indeed, and every bottle of Peruna I ever bought proved a good friend to me."—Susan Wymar.

Mrs. Margaretta Dauben, 1211 North Superior St., Racine City, Wis., writes: "I feel so well and good and happy now that you cannot describe it. Peruna is everything to me. I have taken several bottles of Peruna for female complaint. I am in the change of life and it does me good." Peruna has no equal in all of the irregularities and emergencies peculiar to women caused by pelvic catarrh.

Berry Hill Stock Farm.

Few stock farms in this country can boast of two stallions the equal of Bow Dean and Baron Star. These young horses will make the season of 1900 at this noted establishment at prices that no breeder can object to. The winners of colt stakes are almost universally either of Electioneer or Wilkes family, and colts at the present time are the big money winners. In Bow Dean you have the two great families combined and more, you have two of the best sons of Electioneer and Geo. Wilkes and first crosses of this grand bred horse; and another inducement to breed to Bow Dean, he is a speedy horse and his family trot as colts. You do not have to wait on him. Breeders will make a mistake if they overlook him.

Baron Star the other stallion at this farm, is not only a large handsome horse, but a royally bred one, being by that great sire of race horses Baron Wilkes. Bascom & Son are indeed offering a great opportunity to the people of this section in having such a stallion at so low service fee. No farmer can afford to neglect this offer, for the reason that the produce will not only have size and speed but will make great road horses, the sort that are eagerly sought for now at big prices. Go to Berry Hill Farm and see these stallions before looking your mares.

By revitalizing the nerve centers it has brought chubby, growing youngsters to thousands of weak women who feared they were barren. For advice in cases requiring special directions, address, giving symptoms, "The Ladies' Advisory Department," The Chattanooga Medicine Co., Chattanooga, Tenn.

Races at Louisville, Beginning May 3rd.

One fare for the round trip includes admission to the grand stand. Beginning on Derby Day, May 3, one of the greatest race meetings ever held in Kentucky will be given at the famous Louisville race course. Nearly 1,000 horses are now quartered at Churchill Downs, awaiting large fields and exciting contests. There will be five or more races each day, with liberal added money.

The railroads have put on cheap excursion rates, the round trip from Mt. Sterling being only one fare. This also includes admission to the grand stand. This is the cheapest rate ever offered from this point, and a big delegation will leave here on Derby Day to take advantage of it.

The Derby will be run on the opening day, Thursday, May 3, and will be followed by the Debucante Stakes, Turf Congress Handicap, Bluegrass Stakes, Clark Stakes, Mademotelle Stakes, Fehr Stakes, Wrennah Stakes, Premier Stakes, Javelina Stakes, and Kentucky Oaks in the order named. When the committee returned to the store Prof. Boone, still blindfolded, climbed to the driver's seat and drove skillfully to the home of Senator Thomas and found the key. Then he re-entered the carriage and drove the horses almost in a run to the post office and fitted the key into the correct box and selected from a lot of mail a letter which had been previously written by one of the committee. This letter Boone immediately delivered to Mr. James McClure, of the Central Trust Co. The feat was pronounced wonderful by all who saw it.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes. The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or uneasy heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

Some Sound Doctrine.

Instead of reading anybody out of the Democratic party, we wait to read in all who have been lost, strayed or sicken. We shall need them all next November. Then we shall elect Bryan and hand the government back to the people.—Cynthiana Democrat.

O. F. CRANE & CO.

To The Democratic Congressional District of Ky.

In this issue of the Messenger DR. SANFORD BAILEY, of Elliott county, is announced a candidate for Congress to represent this the Tenth Kentucky district. Dr. Bailey was born and attained his manhood in Morgan county. While his father was amply able to give his children a good education, which he did, Sanford while a mere boy conceived the idea of being self-supporting, and before he was 15 years old he was teaching in the public schools of Morgan. The proceeds of the schools he applied to securing a medical education, and by the time he was 22 years old he had graduated, and located at Sandy Hook, Elliott county, where he has very successfully practiced for several years.

The Democrats of Elliott county claim that it is time that one of their citizens should be recognized and offer Dr. Bailey as their candidate for Congress. Elliott county is one of the most reliable Democratic counties in the District and has always given the Democratic ticket a good majority and been extremely modest in asking for office. Dr. Bailey is a sober christian gentleman, and if nominated will give his whole time and attention to the needs and demands of the district.—Morgan Messenger, Mar. 8th, 1900.

Lagrippe coughs often continue for months and sometimes lead to fatal results after the patient is supposed to have passed the danger point. Foley's Honey and Tar affords positive protection and security from these coughs.

Sold by F. C. DEXTER, RUGGIST.

Jo Turley bought at Owingsville Tuesday, 200 hogs from Clell Ewing and 84 from Col. H. H. Ewing to be delivered the first ten days in May at \$5 per hundred. They will average a little over 200 pounds

Between the ages of fifteen and forty-five, the time when womanhood begins and motherhood ends, it is estimated that the aggregate term of woman's suffering is ten years. Ten years out of thirty! One third of the best part of a woman's life sacrificed! Think of the enormous loss of time! But time is not all that is lost. Those years of suffering steal the bloom from the cheeks, the brightness from the eyes, the fairness from the form. They wrinkle their record in many a crease and wrinkle. What a boon then to woman, is Dr. Pierce's Favorite Prescription. It promotes perfect regularity, dries up debilitating drains, heals ulceration, cures female weakness and establishes the delicate womanly organs in vigorous and permanent health. No other medicine can do for woman what is done by Dr. Pierce's Favorite Prescription.

Kentucky's Fruit Prospects.

H. F. Hillenmeyer looks for abundant yields of apples, pears, plums, and cherries. Peaches have been injured, and strawberries and raspberries may not be up to the average, but blackberries will be very plentiful. Grape vines were never in better condition and can be relied on to yield in fullest measure.

CATARRH: FORERUNNER OF CONSUMPTION.

CATARRH IS A CONSTITUTIONAL OR BLOOD DISEASE,

and far beyond the reach of mere local remedies. Those who rely upon for a cure lose valuable time, meet with disappointment and allow the disease to take firmer hold. Only a real blood remedy can reach this troublesome and dangerous disease.

S. S. S. cures Catarrh because it first cleanses and builds up the blood, purifies it, makes it rich and healthy, stimulates and puts new life into the sluggish worn-out organs, and thus relieves the system of all poisonous accumulations.

Mr. Josephine Smith, of West S. S. S. writes: "I had Catarrh of the bladder, which was so bad that I was entirely done in one ear, and all kinds of my nose, including part of the nose, stopped. When the disease had gone this far the physicians gave me up as a lost case. I determined to try S. S. S. as a last resort, and began to improve at once. It seemed to get at the root of the disease, and after a few weeks' treatment I was entirely cured, and for more than seven years have had no sign of the disease."

S. S. S. is made of roots, herbs and barks of wonderful tonic and purifying properties. It is the only vegetable blood purifier known, and a certain and safe cure for all blood troubles. Send for our book on Blood and Skin Diseases, and at the same time write our physicians about your case. They will cheerfully give you any information or advice wanted. We make no charge for this.

KEEP OFF THE GRASS—The once beautiful State House lawn presents a sorry picture. In times gone by when men held office by virtue of the popular suffrage instead of by the bayonet, the State House Square was one of the beautiful sights to be seen at the Capital, but on last Monday I stood on the Capitol steps and regretfully beheld the effects of vandalism. In every direction the bald spots and the beaten paths loomed up and reminded me of the rugged ruins that lie low on the usurper's path of "busted" anticipations. On every hand were squads of "soldiers" drilling, and only to respect I had for the Gattings, kept me from yelling, "keep off the grass."

And that reminds me that the present page of history written for Kentucky will require great care in the writing. In the present heat of excitement and passion, the record of the facts may get away. In the sober judgment of the coming generation, the grand stand play of Taylor in his attempted pose as a greatly wronged man, will be as ridiculous to Republicans as to more intelligent people. When I read from the papers that support the contentions of the usurper, the lauded attempts to impress their version of the affair as part of the history, I feel like asking if a total disregard of the law, makes heroes. If so, the penitentiary is full of them.

The pages of English history furnish an instance of the purpose of historians in writing history. A man named Cromwell, I believe, caused about twelve years of unpleasantness in that country, and two semi-historians wrote of that period. Walter Scott incorporated the incidents of that time in one of his works and became Sir Walter Scott. Charles Dickens also wrote of it and remained plain Mr. Dickens. One wrote for Royalty, the other as he believed it. Of course this has no reference to the little 22-collared editors of Republican weeklies, for we have no knights in this land, and the appointments to the positions of such keepers of the pen are not adequate remuneration, nor heavy enough in dignity, to repay these penitentiary pushers for their frantic attempts to mold public opinion in their individual molds.

There is a great deal of useless yawning about "Gospelism," and not one yawner in ten thousands could tell in a century what he is trying to talk about. Candidly, have you ever heard one of them more than hurl borrowed anathemas at they know not what? If a genuine idea were to percolate down through the double pillars of their skulls, it would radiate around like a beam in a bladder until it died of pure loneliness. The question is not, now, whether our present laws are good or bad, but whether the law should be enforced. If every man is to be the judge of whether a law is good or bad, and can act according to his intended belief, the name of civil liberty must perish with that liberty.

We have a spectacle in Kentucky of a man who ran for Governor, and because, by some ingenious conception of his disordered brain, he imagines he ought to be elected, he openly defies all law and by force of arms, holds on to the questionable honor of styling him Governor. The situation would be laughable were it

not for the fact that the brawn of the state is paying for his amusement. But I have a suggestion. Taylor wants to be Governor. The title of king would suit him better. Let Laurel county be made an independent nation, without the pale of the jurisdiction of state or the United States, and give Taylor some brimstone and let him go there and start him a hell of his own. We'll then "keep off the grass" up there.

Somebody asked me if Dewey would run for President. He hasn't had time to come down and consult me in the matter, and therefore I am not prepared to answer definitely in this matter. I hardly think he himself knows. However I will wire him and suggest that he sue out a writ of politico de inquerendo and have a jury of twelve men to ascertain his politics. This ought to be done before he enters the lists. Perhaps a search warrant would enable him to locate his politics, as it seems that he doesn't carry them with him and has evidently forgotten where he last used them. It would be rather embarrassing for him to start in for the Republican nomination without having his politics along, properly tagged, and after he had warmed up in the matter, to find that his politics was looting about among the Democrats.

By the way, had you ever noticed how careless some men were about allowing their politics to roam around unattended? It may be that they have so much to do that they can't look after them properly. I have

than one politics. McKinley has had more politics than any man living. He has had about four different kinds of brail politics in the last two months and the number of kinds of many politics he has had, almost defies the multiplication table. So many politics are troublesome. It takes all of Mark's time to look after Mark's politics, and he ought to be trying to earn his salary as Senator, instead of turning himself into a political kindergarten. Besides, it's so annoying. You remember the old adage, "Wash Mark's away, Mark's politics will play." Well, that's what the matter is with just one politics. Mark could keep it up and go on about his business, but they line up on all sides of every question and cause the old man no end of trouble. If I were in Mark's place, I'd kill the whole darn brood and get me a single line President.

After these few remarks I deem it advisable to make a few more remarks. This column don't claim to reflect the views of the editors of the Advocate, and I will ask you not to kill either one of them. They are both preachers and, of course, not prepared to die, and it has always been my desire to have dying, be the very last thing I do; and I have this thought to console me: "Only the good die young." From time to time I will contribute to this paper until such time as all the subscribers stop taking the paper in self defense. I know that a great many people take this paper—some of them take it without paying for it—who will be shocked at my plan of writing, but the only apology I offer is that I am so hardened in my upright ways, that I just can't help it. So there!

Reported Outline of Republican Platform in National Matters.

A Washington dispatch says: Administration leaders have agreed upon the issues and articles of the platform which will be incorporated in the national platform to be submitted to the Philadelphia convention for ratification.

A rough draft of the Republican party creed has been accepted by the Republican leaders of the Senate and the Republican national committee.

The opening declaration will be a hearty endorsement of President McKinley and approval of all administrative acts. A plank will be devoted to renewed allegiance to the gold standard. The keynote of the platform will be the expansion issue. A strong, clear utterance in favor of the retention of the Philippines and of a vigorous foreign policy will be delivered. There will be no positive affirmation of the right of this government to govern the Philippines, as that must be left for further adjudication.

The policy of protection will be affirmed and the platform will pledge the party to the support of the doctrine of reciprocity.

A greater merchant marine and liberal pension laws will be demanded, and the Monroe doctrine will be reasserted. The Nicaragua canal will be supported if no action is taken at this session of Congress.

THE NEW YORK WORLD, THIRICE-A-WEEK EDITION.

Almost A Daily—At the Price of a Weekly.

The most widely circulated "weekly" newspaper in America is the Thrice-A-Week edition of the New York World, and with the Presidential campaign now at hand you can not do without it. Here are some of the reasons why it is the leader in dollar a year journalism.

It is issued every other day, and is to all purposes a daily.

Every week each subscriber receives 18 pages and often during the "busy" season 24 pages each week.

The price is only \$1.00 per year. It is virtually a daily at the price of a weekly.

Its news covers every known part of the world. No weekly newspaper could stand alone and furnish such service.

The Thrice-A-Week World has at its disposal all of the resources of the greatest newspaper in existence—the wonder of modern journalism—"America's Greatest Newspaper," as it has been justly termed—The New York World.

Its political news is absolutely impartial. This fact will be of especial value in the Presidential campaign coming on.

The best of current fiction is found in its columns.

These are only some of the reasons; there are others. Read and see them all.

We offer this unequalled newspaper and THE ADVOCATE together one year for \$1.65.

The regular subscription price of the two papers in \$2.

E. O. MCCORMICK.

It's up to the People.

Less than a year remains in which to gather facts, and information that will influence your vote for the next President of the United States.

The previous wrongs have been committed, and grave errors allowed to exist without effort at correction, is evidenced by the speech, writings, and comments of eminent statesmen and jurists; congressmen and leading men of science; professors and clergymen in every state.

Any affiliations have been ignored in the outcry against transgression, and the safeguards of our fathers and rushing pell-mell into the affairs of Europe. The situation is a deplorable one if not alarming; as is also our domestic affairs dominated by gigantic trusts.

The evils are not of spontaneous growth! They are the result of years of labor and expenditure of millions of dollars! Beginning with the displacement of American silver for English gold, the cunning of England's diplomacy in shaping the destiny of our Republic is apparent to any ordinary observer seeking the true inwardness of events.

The Cincinnati Enquirer has frequently called attention to each and every move as it was transpiring, and during the campaign of 1900 will present its readers with a truthful array of facts that will be extremely interesting and startling.

No far-sighted American, be he Republican, Democrat or of other political faith, can afford at this critical time to ignore the truth. Partisan prejudice, with the trusts as dictators, is a far more degrading slavery than that which existed previous to the Civil War of '61-'64.

Trusts in the United States alone have a representative capital greater than all the gold and silver in the world. These will spend many more millions of dollars to suppress truth and facts and mislead all who fail to look beyond their plausible deceptions. Read the Enquirer and you will be able to discern the truth and combat falsehood. A victory for Trusts and the McKinley Administration in 1900 will end the era of greatest good to greatest number.

Watch carefully the Cincinnati Enquirer.

LEWIS.

On Tuesday morning April 17, Herbert Lewis died at the home of his brother, George, in this county, after eight days sickness with pneumonia. He was 27 years old. He came from Madison county and accepted a clerkship in this city with Oldham Bros. & Co. for about two years until February, when he accepted a like position with the New York Cash Store. The burial was at College Hill in Madison county on Wednesday.

Mr. Lewis was a fine young man, an upright gentleman and a consistent christian, having been a member of the Methodist Church for years. No higher eulogy than this: Honest, faithful and a christian. Peace to his ashes.

CHILES.

Mrs. Marc Chiles Jr., died at their home in Newport, on Wednesday, April 18, 1900, after a sickness of six weeks.

She was the youngest daughter of Mrs. Fannie Reese of this city, and was about 35 years old.

As a young society woman, she was attractive and popular. Her mother two sisters and brother have the sympathy of many friends. She leaves a husband and three children—the youngest an infant. The body was brought to this city on Friday at 12:30 and laid to rest in Maplelawn. Services at the grave being conducted by Rev. H. D. Clark.

BRATTON.

Mrs. Sallie Bratton died at her home in Winchester on Tuesday morning April 17, 1900, aged about 75 years. For two and one half years she had been paralyzed and had been a great sufferer, especially for the last few months.

Her maiden name was Evans. She was a widow and leaves six children: Robt. L., Mrs. H. C. Hart, Mrs. Robert S. Seabee and Miss Lena, of Clark county, Mrs. W. A. Sutton and Mrs. R. M. Smith of this city. She was a member of the Christian Church and was a most excellent woman. The funeral service was held at the Christian Church in Winchester on Wednesday, conducted by Rev. W. T. Donaldson, of Newport, her former pastor at North Middletown, assisted by Revs. Walker and Froh.

Free from the pains of this earth's life, she has entered into that rest that is the inheritance of the faithful.

endorsed as a preacher and man of unusual Powers. Those who hear him must go early in order to secure a comfortable seat. Twenty additions.

The Sunday School at Union School house will begin again next Sunday afternoon. A cordial invitation is extended to all to attend this Sunday School.

No preaching at the Southern Presbyterian Church next Sunday, as Rev. Henry Miller is out of town. There will be no Bible class to-night, nor Tuesday week.

Shower and sunshine make the fruit; lights and shadows, successes and failures make the rugged, sturdy character of mature life.

Recently in Tremont Temple, the Rev. Dr. Lorimer preached from a text suggested by the Topeka Incident. He said that he did not profess to know how Jesus would

people by his powers and earnestness, his style being argumentative and conclusions unavoidable. Meetings during the week at 8 o'clock in the afternoon at 7:30 in the evening. Everybody invited, especially the unconverted whether they be identified with some church or not. Mr. Nowlin's aim is to make the gospel plan of Salvation plain and then let it rest with the individual.

There were large congregations again at the first Presbyterian Church on last Sabbath. In the morning the pastor, Rev. Geo. A. Joplin preached a sermon on "Why I am a Presbyterian" in which he gave a number of reasons why those who were members of their church believed as they did. At the same time it was a sermon filled with brotherly love and contained nothing that would offend the members of other denominations. At the close of the sermon Mr. D. R. Bishop and Dr. Howard VanAntwerp were solemnly set aside and ordained

BLUES

Ever have them? Then we can't tell you anything about them. You know how dark everything looks and how you are about ready to give up. Somehow, you can't throw off the terrible depression. Are things really so blue? Isn't your nerves, after all? That's where the trouble is. Your nerves are being poisoned from the impurities in your blood.

Ayer's Sarsaparilla

purifies the blood and gives power and vitality to the nerves. It makes health and strength, activity and cheerfulness. This is what "Ayer's" will do for you. It's the old Sarsaparilla in the land, the kind that was old before other Sarsaparillas were known. This also accounts for the saying, "One bottle of Ayer's is worth three bottles of the ordinary kind."

Write the Doctor.

If you have any complaints whatever, or if you are in doubt as to whether or not you need Ayer's Sarsaparilla, write the doctor free. You will receive a prompt reply. Write to Dr. J. C. Ayer, Lowell, Mass.

Here's to You, South Trimble.

Here's to you, South Trimble, the man who can sleep a ship through the red, the weather he feels.

Here's to you, the speaker, who stood without fear when Frankfort was filled with murder's howl.

Here's to you who fearlessly spoke your soul.

When days find the town with their throat-cutting heat.

I think of that morning when Taylor's word had.

Stand ready, awaiting the signal to fire.

I think of that day when a Democrat's life descended above on the end of a knife.

When a shot from a pistol or thrust of a knife was the principle factor in Bill Taylor's life.

I think of all that and of many things more that proved you a friend to Democracy's need.

We'll want a Congressman seated to the east. And so let me wish you a hearty "God-speed!"—Harold.

DR. PIERCE'S FAVORITE PRESCRIPTION

MAKES WEAK WOMEN STRONG, SICK WOMEN WELL.

Mrs. M. F. Long, of Le Roy, Franklin Co., Kans., writes: "Words cannot express how grateful I am for your kind advice and good medicines. I have been in poor health more or less all my life. In the past nine years grew worse, and two years ago I was so poorly confined that I was almost dead. I consulted a specialist, and he said I had ulceration and that an operation would have to be performed. This did not seem necessary to me, so time went by. At last I read of Dr. Pierce's Favorite Prescription. I soon got a helpful answer advising me to try his medicine. I bought the Prescription, 'Golden Medical Discovery,' and also his 'Pleasant Pellets.' I began taking 'Favorite Prescription' and the other medicines as advised. In a few days I began to feel better. I gained weight, and after taking two bottles of each of the medicines, I began to look like a woman and not like a skeleton, and that weary tired feeling all left me."

A FREE CONSULTATION BY LETTER WITH DR. R. V. PIERCE

IS OFFERED TO EVERY SICK WOMAN. ADDRESS DR. PIERCE, BUFFALO, N.Y.

Will of R. M. Barnes.

The chief provisions of the will of R. M. Barnes probated on Wednesday, are as follows:

To his wife he gives one-third of his real estate for and during her natural life; also, specific articles exempt by law to her, also one-third of all personal property to be absolutely hers.

He has advanced to his son Henry, about \$3,500 which is in full of his (Henry's) share in his estate and is to make no further advances nor is Henry to pay back any part of same in case the estate is not sufficient to make the other four children equal.

To his daughter Mrs. A. H. Judy he gives one-fourth in trust (less \$500 advanced). At her death her share goes equally to her children.

The remainder goes equally to his sons T. K., J. W., and James, the share of the latter in trust. Upon the death of James his part goes to his heirs if he has any, otherwise to his brothers and sister. The will was written June 10, 1899, attested by Mrs. Mary W. Lloyd and A. B. White.

Broken Legs Did Not Prevent Marriage.

Recently at Paducah, Wynn Tully, son of the County Judge, was in a runaway and had both legs broken. On April 10th, while lying in bed unable to stand, he was married to Miss Floss Owens.

Shoot Him At Once.

A scientist says that "if the earth was flattened the sea would be two miles deep all over the world." After due meditation a Kansas editor gave out the following: "If any man is caught flattening out the earth, shoot him on the spot, and don't be too blamed particular what spot. There are some of us in Kansas that can't swim."

A BAD INVESTMENT.

Mac Looking for Position First Bribing the Proprietor.

"Mornin' Guv'nor in?" inquired a confident looking stranger of a weak young man who stood weighing sugar in a grocer's shop.

"Yes, sir."

"Um. You're advertising for a manager, I believe?"

"Yes, we are."

"Present manager about anywhere?"

"Well, I'm manager at present, sir."

"Ah! That's good. Now, what sort of chap may the 'gub'nor' be? Old?"

"About my own age."

"Had any trouble with him at all?"

"Well, I can't say I have."

"Close-fisted screw, ain't he?"

"Some people might call him so."

"Ah, well! If I got on here and be tried any of his nonsense on me, he'll get his head in the sugar-bin. Just give him my name, will you?"

"Well, if you are applying for the situation, I'm taking on the new man."

"By Jove! You are? Now, I should like to get this shop. Think you could come to an immediate decision if I made it worth your while?"

"Shouldn't wonder."

"Ah! Now I s'pose we may consider it settled, eh?" as he slipped a half-cover over into the meek young man's hand.
